

A FEW MORE COMMENTS FROM GROWERS OF 'BETTER GRASS'

Thomas G Morris of Llanfair Caereinion

Farms 350 acres with 650 Lleyrn and 60 sucklers plus followers

*"Lambs seemed to be doing much better in the first half of the summer. Considering the weather, all the stock are doing well. They love the **Better Grass**. I am very pleased with the results"*

*"Please order the **Better Grass/Basic Slag** combination for me next year."*

D. Armstrong of Cumbria

*"Brilliant! Better Grass is definitely working to improve my grass; stock love it and I use very little minerals. Put me down for '**Better Grass Plus**' next year."*

E. Mathews of Mid Wales

"I really like The Better Grass System; clovers are improved and I use less nitrogen. My stock are more content and I use less minerals too. You can put me down for next year all delivered and spread so I don't need to touch it."

David Woods – of North Yorks

"It's bloody amazing – the cows will not touch the mineral blocks (what can I do with them?). The grass is excellent and they are grazing it right down"

"Get me booked in again for next year"

K. Davies - from Mid-Wales

"The system is working! My grass has definitely improved and my animals are more contented. My lambs now fatten more quickly on the improved grass"

John Woof - from Cumbria

"It's excellent! - Book me up for the complete 'Better Grass System' "

John Rowsell - Llandwrda

"The Better Grass System' is brilliant. My cows do not need mineral supplements and really clean up all of the grass. I am happy to keep using it. Thank you very much."

Dear Robert

For years I took advice from the industry experts, ADAS, ICI, people I trusted to help me run my farm, instead they drove me to near bankruptcy and all but ruined my soil. You Robert are the first person to really help me restore the health of my soil and my animals.

Thank you - Richard Hollingshead - Cheshire
